EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Eric J. Robinson on 11/25/03.

The application has been amended as follows:

In the specification page 15, after line 16, insert --Fig. 7 is a plan view of a circuit diagram of a display device according to the invention--.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: --Prior Art—should be inserted in figures 1A, 1B, 2A and 2B. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance: the cited prior art, individually or in combination, does not disclose or suggest all of the claimed elements in the present application: although Ichikawa US 4,938,565 discloses in Fig. 1a a prior art switching element consisting of two FETs in series, the reference fails to disclose the conductivity type of the FETs. Konishi et al. US 4,942,441 does not sufficiently describe two FETs in the switching elements for each pixel (col. 2, lines 5-25).

4. This application is in condition for allowance except for the presence of claims 20-42 to species non-elected without traverse. Accordingly, claims 20-42 have been cancelled.
5. Claims 2-6, 8-12, 14-19 and 43-62 are allowed.
6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
